

## CrystalVu™ Medical Luers

Autoclavable  
USP Class VI

Cleanroom Manufactured

### CrystalVu™

Rotating Lock & Stationary Lock Luer Assemblies • see opposite side for details

- A polycarbonate alternative, which does not contain Bisphenol - A
- Will not stress crack like polycarbonate or acrylic
- Superior chemical resistance compared with polycarbonate or acrylic
- EtO and gamma sterilization • Autoclavable (multiple cycles)
- Crystal clear transparency
- CrystalVu™ material meets USP Class VI requirements - USP <88> *in vivo*
- FDA compliance: 21 CFR 177.1520 (a) (3) (II) - Complies with EU 2002/72/EC
- Water absorption less than 1%
- Chemical resistant

#### Rotating and Stationary Lock Luer Applications:

Tubing connections • medical device input/output ports • drug and fluid transfer lines

**Luers - Rotating Lock**  
**LMRLN**  
 RoHS Compliant

**Rotating Lock Luers**

Nut and body rotate independently while connection is being made

Rotating Nut Assembly - *Prevents Tube Twisting*

Hose Barb	Style	Part Number	CVU
1/16"	Male	LMRLN-1 CVU - * Nut Color	CVU
3/32"	Male	LMRLN-1.5 CVU - * Nut Color	CVU
1/8"	Male	LMRLN-2 CVU - * Nut Color	CVU
5/32"	Male	LMRLN-2.5 CVU - * Nut Color	CVU
3/16"	Male	LMRLN-3 CVU - * Nut Color	CVU
1/4"	Male	LMRLN-4 CVU - * Nut Color	CVU

\* Please specify the nut's color code letter at the end of the part number - Nut color options on opposite side.

Also available in PP (animal derivative free, USP Class VI Polypropylene) and NN natural nylon

**Luers - Stationary Lock**  
**LMSLN**  
 RoHS Compliant

**Lock Luers**

Nut and body are locked and rotate as a single unit

Non-rotating Nut Assembly

Hose Barb	Style	Part Number	CVU
1/16"	Male	LMSLN-1 CVU - * Nut Color	CVU
3/32"	Male	LMSLN-1.5 CVU - * Nut Color	CVU
1/8"	Male	LMSLN-2 CVU - * Nut Color	CVU
5/32"	Male	LMSLN-2.5 CVU - * Nut Color	CVU
3/16"	Male	LMSLN-3 CVU - * Nut Color	CVU
1/4"	Male	LMSLN-4 CVU - * Nut Color	CVU

\* Please specify the nut's color code letter at the end of the part number - Nut color options on opposite side.

Also available in PP (animal derivative free, USP Class VI Polypropylene) and NN natural nylon

Standard CrystalVu™ Luers (left) are available in the same Hose ID sizes as Lock Luers listed above.

**LMRLN-P**  
 Rotating lock male plug fits all standard female luers

135 °C

*Animal Derivative Free*

**EJ BioMed**
